**Re: SBA Shipyard Superfund Site, Jennings, Jefferson Davis Parish, Louisiana;
CERCLIS #: LAD008434185; General Notice Letter**

Dear Mr. LeBreton:

The purpose of this letter is to provide Higman Service Corporation as Successor to Higman Barge Lines, Inc. (hereinafter is referred to as "you" or "your"), with written notice of your potential liability at the SBA Shipyard Superfund Site ("Site") located in Jennings, Jefferson Davis Parish, Louisiana. Information available to the U.S. Environmental Protection Agency ("EPA" or the "Agency") indicates that you may be responsible for the cleanup or costs of cleanup of the contamination found at the Site under the Comprehensive Environmental Response, Liability, and Compensation Act ("CERCLA").

Under CERCLA, the EPA is responsible for responding to the release or threat of release of hazardous substances, pollutants or contaminants into the environment – that is, for stopping further contamination from occurring and for cleaning up or otherwise addressing any contamination that has already occurred. The EPA has documented that such a release or threat or release has occurred at the SBA Shipyard Superfund Site. The EPA has spent public funds to investigate and control releases of hazardous substances or potential releases of hazardous substances at the Site.

Explanation of Potential Liability

Under Sections 106(a) and 107(a) of CERCLA, 42 U.S.C. §§ 9606(a) and 9607(a), potentially responsible parties ("PRPs") may be required to perform cleanup actions to protect the public health and welfare or the environment. PRPs may also be responsible for costs incurred by the EPA in cleaning up the Site. PRPs include current and former owners and operators of the Site, as well as persons who sent or transported hazardous substances to the Site for disposal or treatment or who arranged for the disposal or treatment of hazardous substances at the Site.
